Bronze frames come standard on clay & all stained gazebos

10. OTHER FEATURES

Electrical Package

Your electrical package will include one outdoor switch, and one outdoor receptacle that has two outlets. (15 amp)

It also includes enough wire (14-2) to run from the base of the post to the top of the gazebo so you can add a light or ceiling fan. It also includes a strip with a routed out groove to conceal the wire on the post.

You will need to have a certified electrician make all connections inside the boxes and to your home.

Extra Receptacle

Add additional receptacles to fit your needs.

Screens In Floor

Helps to keep the crawling bugs out.

Extra Screen Door

Add multiple entrance points.

Crown Moldings

11. ENGINEERING

Construction plans are certified by a licensed engineer in your state. Includes 3 sets of sealed drawings & 2 Calc Packets.

Gazebos are specifically designed to withstand high winds and snow loads. Conforms to IBC 2009, but not limited to. All 16' wide and over are built to engineered specs as standard.

12. ADDITIONAL OPTIONS

Spindles Above the Door

Continues a uniform look.

*Standard on units 16' wide and larger

6" Higher Posts

Creates a higher roof line.

Stationary Skids

4"x4" wooden runners under gazebo. Fastened permanently.

5"x5" Posts

Adds a heavier look.

*Standard on units 16' wide and larger

13. SELECT FULLY-ASSEMBLED OR KIT

Kits

You deserve the gazebo of your dreams. That's why we personalize your delivery and set-up options. For those who enjoy weekend do-it-yourself projects, our gazebos come in easy-to-assemble kit form. By purchasing a kit, you're able to assemble your gazebo virtually anywhere. High decks or densely wooded areas are not a problem. This flexibility allows you to use your imagination when choosing a location for your gazebo.

Fully-Assembled

Our quality-built, fully-assembled gazebos are perfect for customers who wish to have their gazebo delivered in an easy-to-reach area. We will deliver your gazebo with gentle care and sensitivity to your landscape. For more difficult terrains, our gazebos are strong enough to be craned in.

Testimonies

"We purchased this beautiful Gazebo kit from Country Lane Gazebos. Liz answered all questions and sent samples so that we could choose stain color and shingles. She was a great help and even sent a gift basket. The kit was shipped on time with easy to follow instructions and the kit was complete. We couldn't be more pleased with the outcome. Country Lane Gazebos is a great company to work with."

~ Robert L.

"Beautiful gazebo. Excellent service. We were able to get a metal roof to match the one on our house. Exactly what we needed to beat the heat on our Colorado farm. Now we can sit in comfort and watch our animals."

~ Sue Ann B.

"We looked at several companies and options for the unit we needed, and decided to go with County Lane. We had quick response on questions and pricing and were happy with the overall purchase. The sign of a good company is what happens after the order is placed, and they excelled. The product was spot on with what we expected, and the quality, style and strength of the materials were beyond what we expected. Great job!"

~ Andy S.

"A FIRST class operation!!! Well designed product that goes together very smoothly. My neighbors and friends were very impressed and everyone wanted one!! Good going Country Lane!"

~ David W.

"I looked at at least three other companies for our kit. I chose Country Lane Gazebos because they had what I thought was the best balance of quality, price and responsive customer service. After receiving and installing our unit, I can definitely say that I STRONGLY recommend them! Great product, great installation instructions and a great price!"

~ Doug L.
